

Walkthrough for *One Lie*'s romance routes.

First I would like to apologize for making it so difficult and confusing to get on some of these routes. When I started this game I had no idea what I was doing. With any of it. This is the first time for me not only trying to develop a game but also writing for a game, doing 3D art, and everything else entailed.

Enough of the excuses. I am sorry. My bad.

The guide is done in alphabetical order

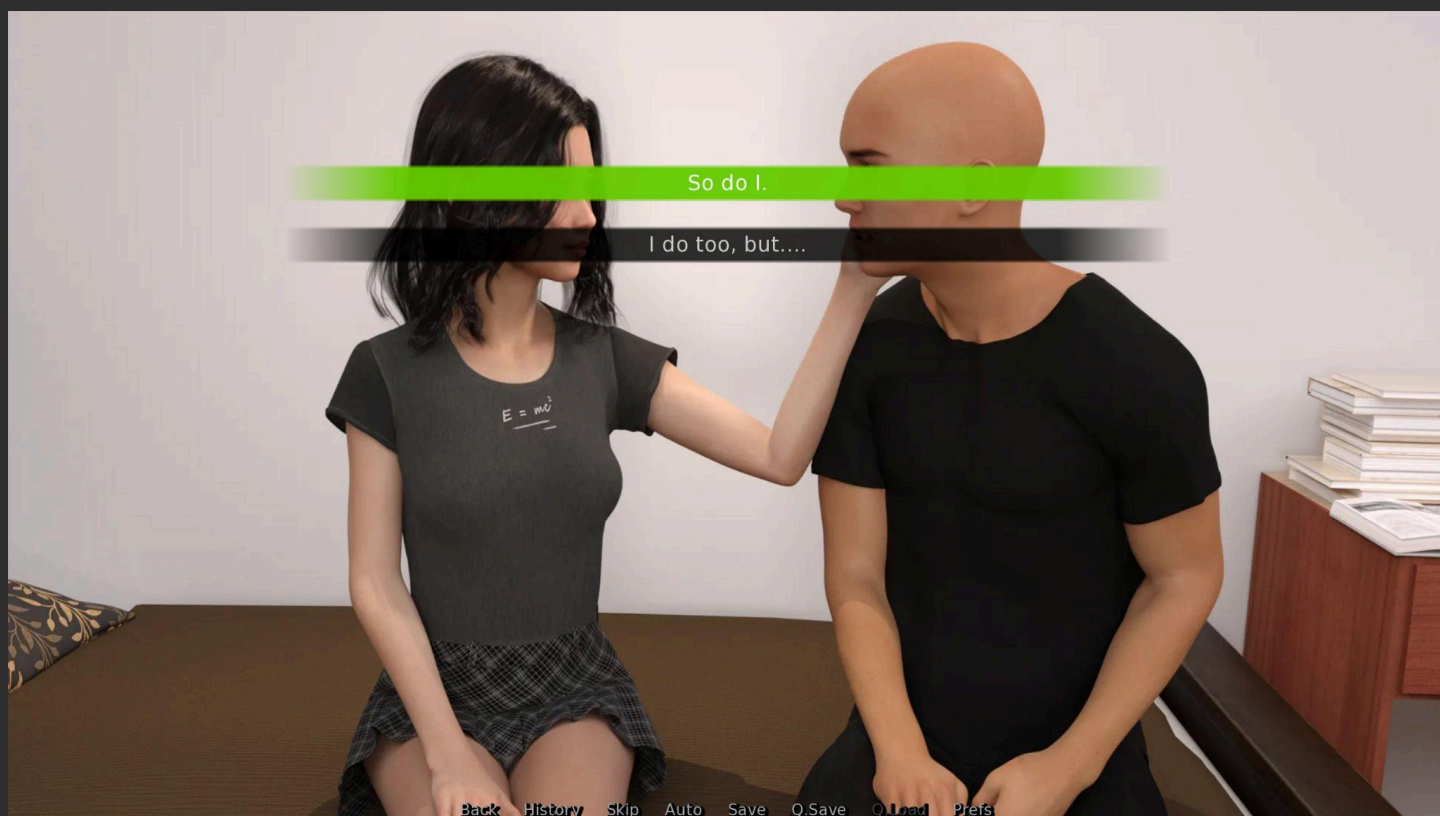

- [Anh route](#)
- [Anh and Julie route](#)
- [Harem route](#)
- [Julie route](#)
- [Julie and Alex route](#)

Anh solo route.

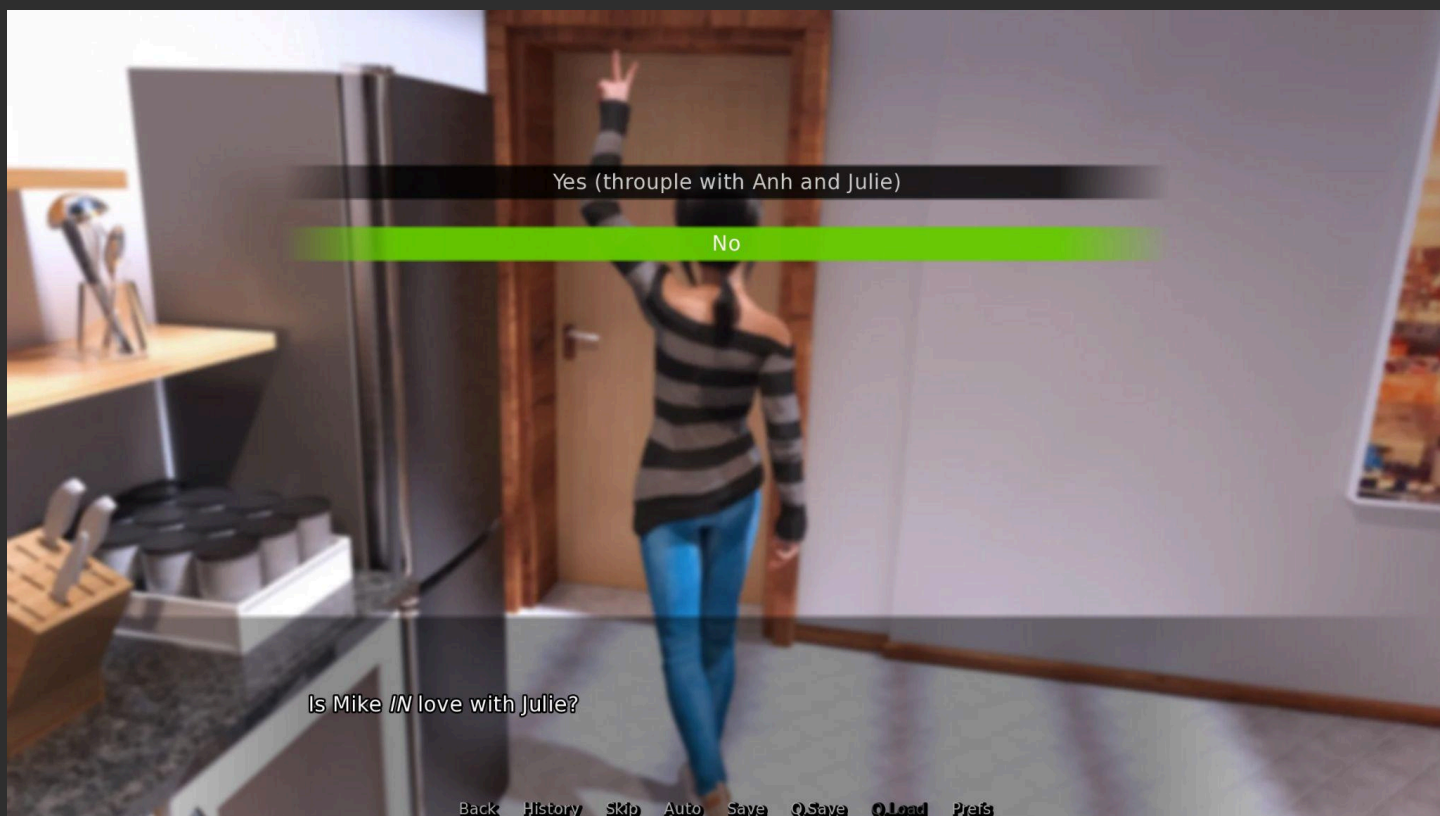

Simply choose all the top answers, as the following screens show.

In Chapter 4 choose “No” when asked, “Is MC *IN* love with FC (Julie)?”.

That is all.

Anh and Julie route.

Repeat the first five steps of the “[Anh solo route](#)”. Then In Chapter 4 choose “Yes” when asked, “Is MC *IN* love with FC (Julie)?”.

That is all.

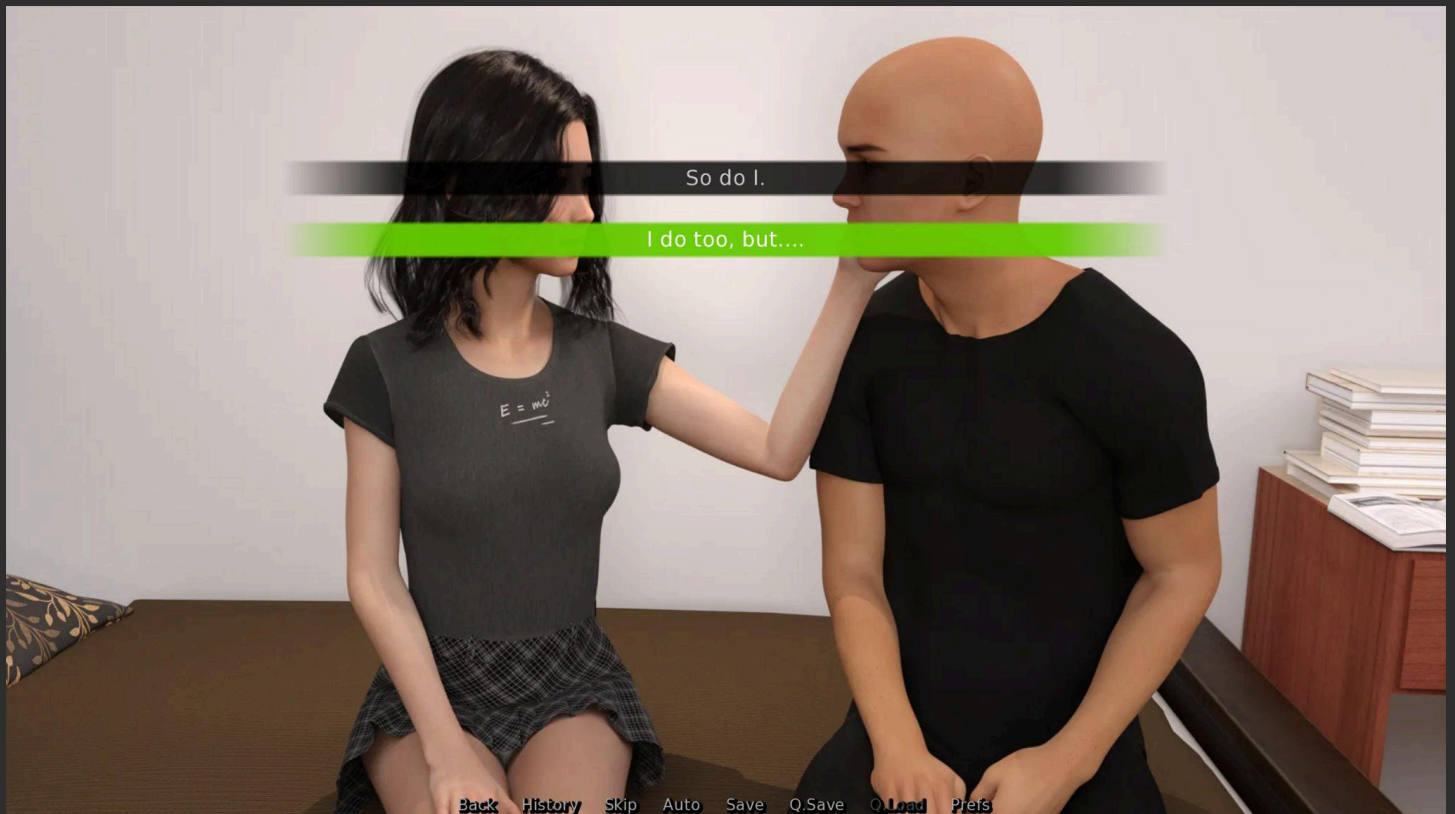

Harem route.

Choose the top answers as highlighted in green on the following screens

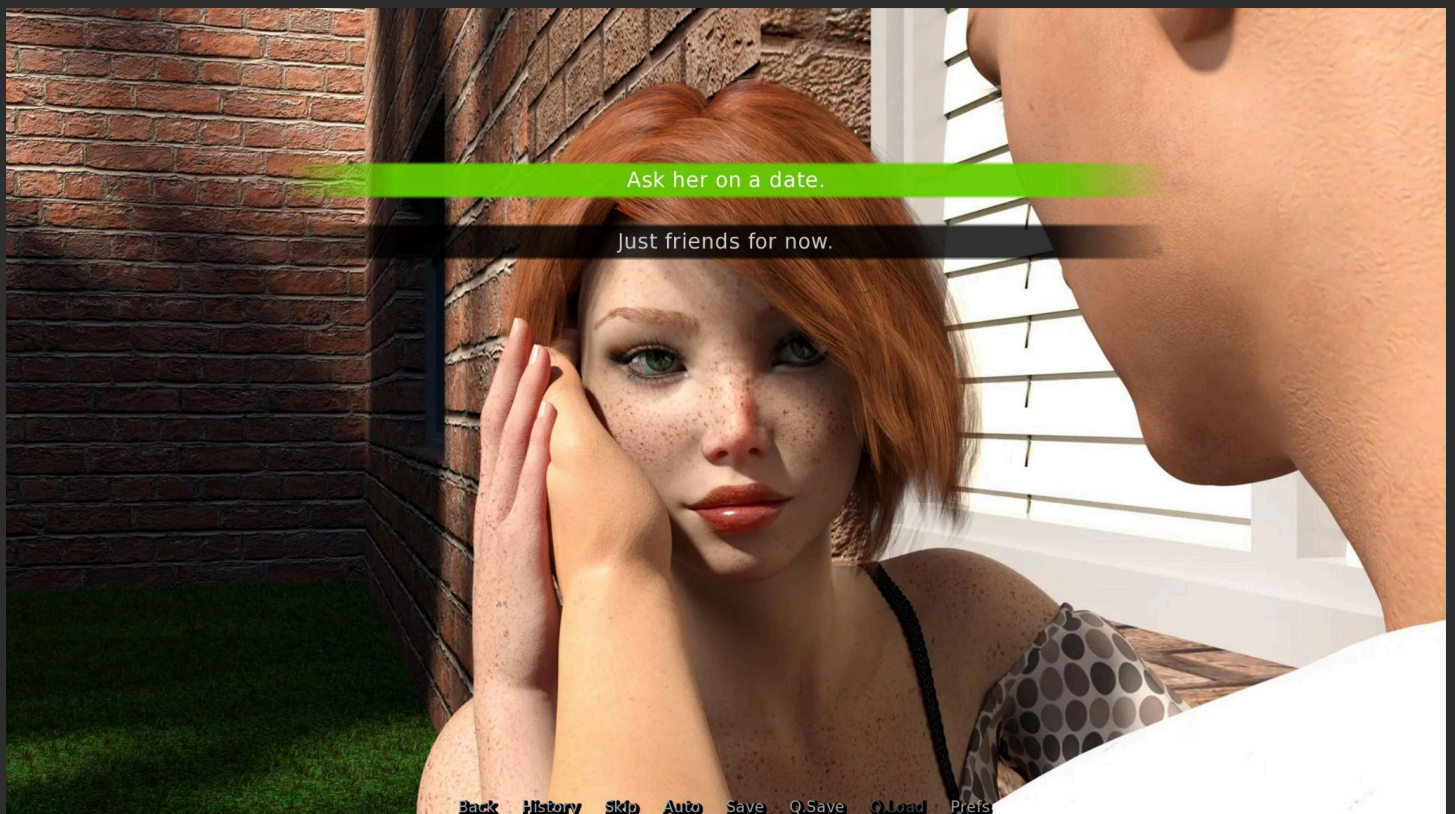

Then choose “I do too, but...” when Anh comes over.

and “Ask her on a date.” when talking to FC.

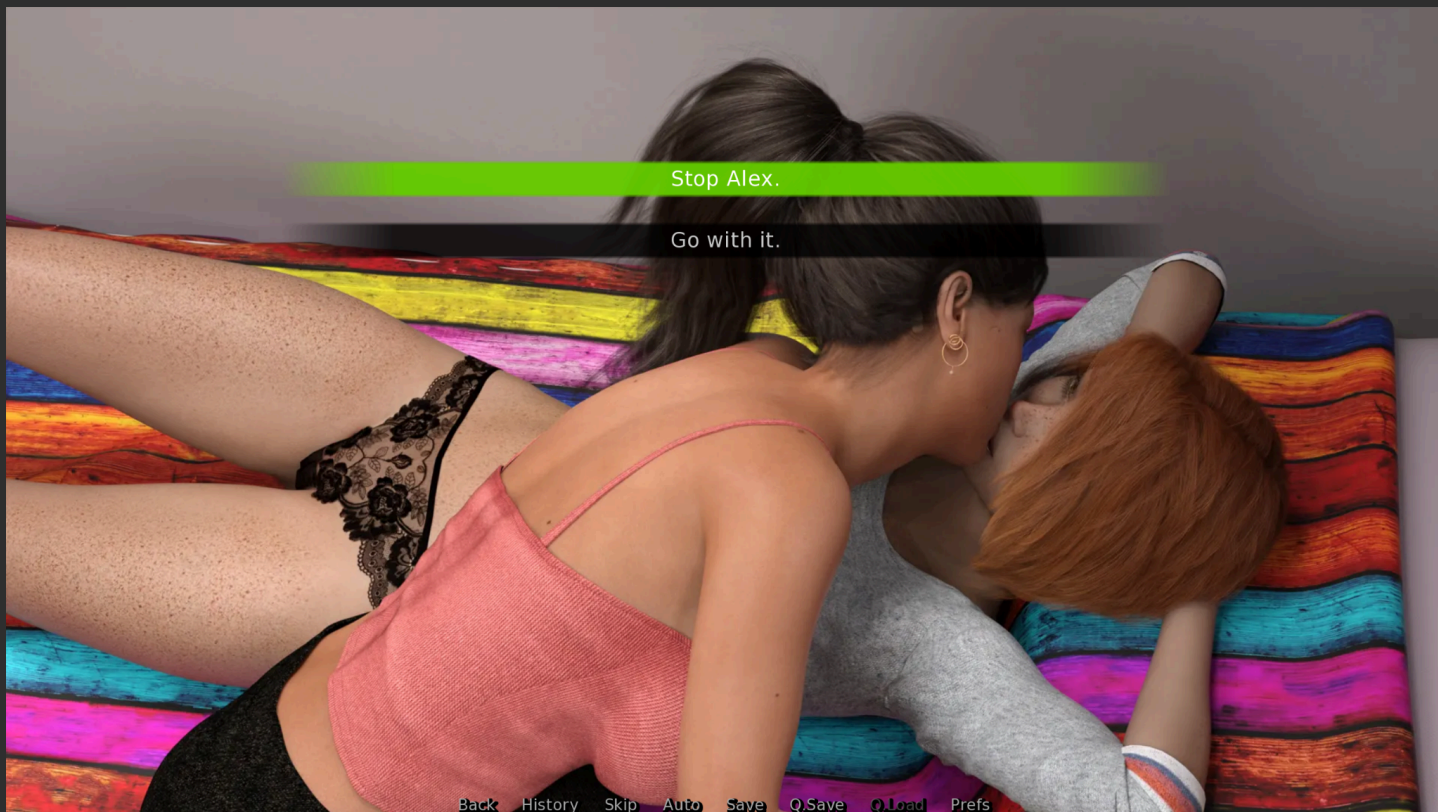

That is all, for the important choices.

Julie solo route.

There are a couple of ways to get on this route. I will show you my favourite route. Just choose the choices highlighted in **green** on the images.

No.

Meet me at the Wooden Donkey after classes.

Back History Skip Auto Save Q.Save Q.Load Prefs

I forgive you.

I forgive you, but...

No. (will be added after the whole game is finished.)

Back History Skip Auto Save Q.Save Q.Load Prefs

And that's that. You are on the canon and the main path of the game. Yes, despite popular belief the canon path is the Julie solo route.

Julie and Alex route.

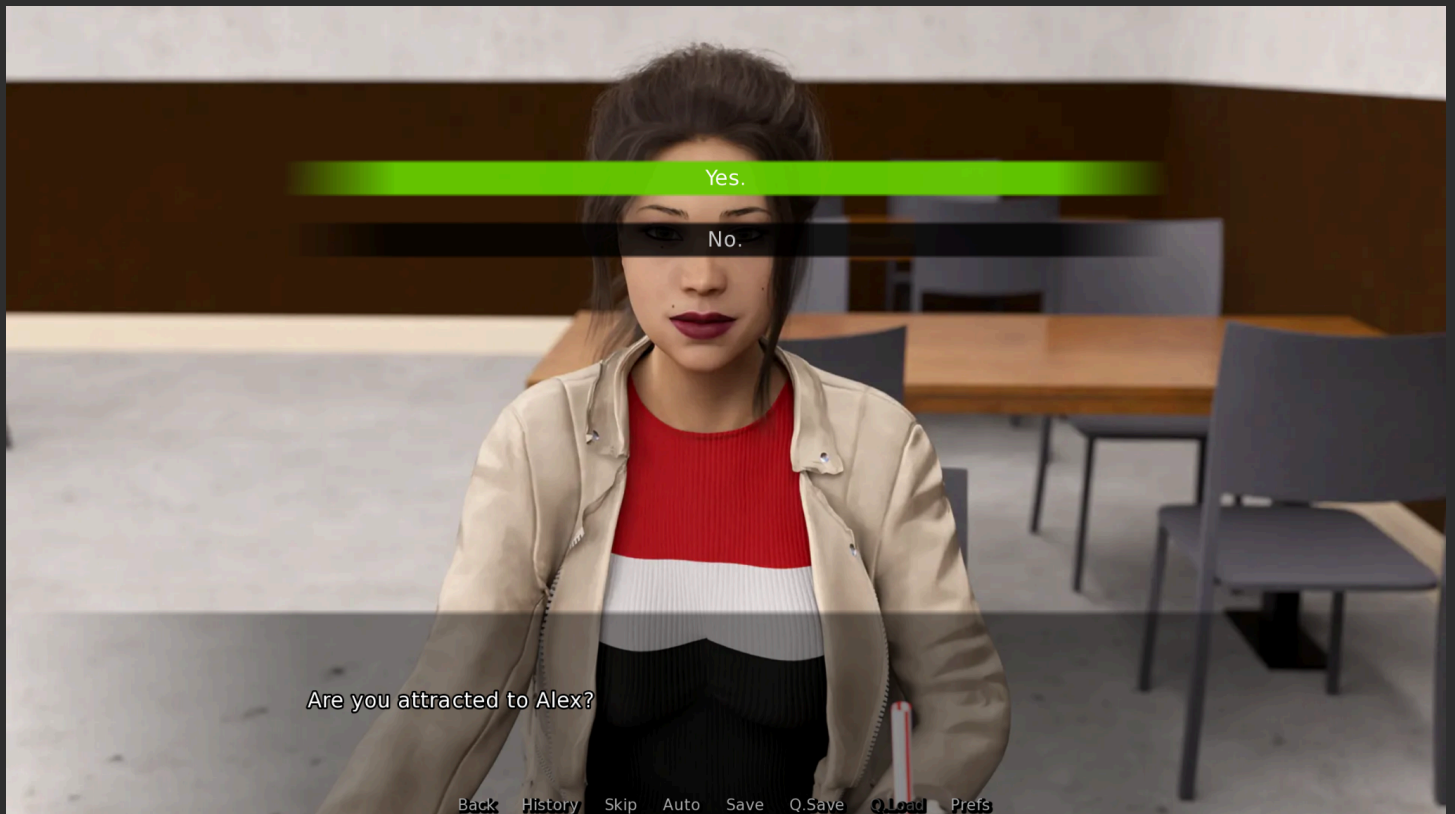

Do everything the same as on [Julie solo route](#) except you allow Alex to kiss Julie. This is critical for getting on this route.

And when talking to Julie in the park choose “She comes over tonight.”

This will lead you to this choice:

And you are on the Julie and Alex path.

There is also Yana. She is only available on the Harem route and the choice to have her join the harem is pretty obvious.

Once again I am sorry for making things so confusing. I had no idea what I was doing when I started this game.

I hope you are enjoying One Lie. I certainly love making it. My only regret is that I cut a lot of the story out, but that's a whole other story in itself.

Sit tight, smile wide.
